SUMMARY

Aspiring Software Developer pursuing a Bachelor's in Computer Applications (BCA) with a strong foundation in programming and web development. Proficient in C, C++, HTML, CSS, and JavaScript, with emerging skills in Python. Adept at problem-solving, algorithm development, and creating dynamic and responsive web applications. Eager to apply my technical knowledge and passion for coding to real-world projects, while continuously expanding my skill set in software development.

CERTIFICATION

- NPTEL (Government of India)**
 - Acquired a comprehensive understanding of Soft Skills through a well-structured NPTEL course, endorsed by the Government of India.
- Great Learning**
 - Mastered the core concepts of Database Management Systems (DBMS), further solidifying my foundation in data management.
- Udemy**
 - Excelled in the Microsoft Excel course, gaining practical skills in data analysis and spreadsheet management.
 - Developed robust web development skills through an intensive Udemy course, encompassing HTML, CSS, and JavaScript.

HOBBIES

- Playing Volleyball and Cricket:** Passionate about team sports, actively participating in volleyball and cricket matches. These sports have honed my teamwork, leadership, and strategic thinking skills.
- Listening to Music:** Enjoy exploring various genres of music, which helps me relax and enhances my creativity. Music is a significant part of my daily routine and contributes to my overall well-being.
